Operation

Powering On

Press and Hold "ON/OFF" button 2 seconds to power ON, the Blue LED will start to flash, while the Green LED stays illuminated.

If an Aux (3.5 mm) cable is connected to the MRBT140, the Blue LED will turn off, and the Green LED will stay illuminated, notifying you, the MRBT140 is in Aux-In mode.

Powering Off

Press and Hold "ON/OFF" button 2 seconds to power OFF

Bluetooth Mode

Pairing

The unit will automatically go into "Pairing Mode" when it is powered ON.
 Go into your Bluetooth device settings menu and look for "BOSS MARINE"

After the unit has paired and connected, it will re-connect automatically when the MRBT140 is powered on and the device is in range.

Note: Bluetooth Timeout :30 minutes

Begin Streaming Music

Press "⏮" to start playing music

Press and Hold "⏮" 2 seconds to play the next track

Press and Hold "⏭" 2 seconds to play previous track

Press either "⏮" or "⏭" for volume control

Making and Receiving Phone Calls

When the MRBT140 is connected and paired to your device, the MRBT140 allows you to make or receive phone calls with its built-in microphone.

Press "☎" to accept a call

To end a call press "☎"

To place a call, simply dial the number or select a contact from your Bluetooth device and call

To reject a call, press and hold "☎" for 2 seconds

Aux-In Mode

Plug in the supplied 3.5 mm cable into the MRBT140. The other end is connected to your device. The Green LED will only illuminate when in "Aux" mode.

Please note music and volume can be controlled by your device.

Charging

Attach the USB cable to the MRBT140, and plug into any USB charger. If the unit is completely discharged, it will take approximately 4 hours to fully charge.

The Red LED will illuminate during charging, when it has completed, the Red LED will turn off.

Note:There will be a beep when the battery is low and needs to be recharged.

LED Status

Blue LED flashing & Green LED solid	Bluetooth Mode
Green LED on solid	Aux Mode, Charging Completed
Red LED	Charging

Troubleshooting

The MRBT140 doesn't connect to device	Speaker needs to be connected/re-paired to device
A tone is heard every few seconds	Speaker needs to be charged
